Notes:

Bolded "ENR" figures represent the total number of individuals who began the program in that cohort that semester. Naturally, "ret/grad" percentages would not apply in this instance.

¹ The number and percent graduated represents the total number of students from that cohort who graduated with a degree from that program as of spring 2012.

² These data represent how long it took for students to attain their degrees. This represents the percentage of students who graduated **within** the stated time frame.

³ WMI stands for Washington Montessori Institute.
