- Mark Wozniak, Ph.D.

- Mark Wozniak is the Assistant Director of Technology Licensing at the University of Maryland, Baltimore (UMB). He has R&D and executive management experience in industries ranging from high-performance materials to nutraceutical manufacturing. As an accomplished inventor, he held ten U.S. and international patents. He uses that experience to manage and commercialize a broad portfolio of UMB's intellectual property. Before joining UMB, Mark was the Chief Operating Officer at the Sterilex Corporation, a Maryland startup that developed proprietary, EPA registered products for the food, dental and medical industries. Mark is an active supporter of Maryland's entrepreneurial ecosystem. He has been an NSF I-Corp mentor, TEDCO MII reviewer, and Invest Maryland Challenge judge. Mark earned a B.S. in Chemistry with a concentration in Mathematical Modeling from the University of Michigan and a Ph.D. in Inorganic Chemistry from Penn State University. He is currently a candidate in the Masters of Business Administration, Loyola University of Maryland. Mark lives with his three children and wife, Lisa, in Harford County, Maryland.

- Charles 'Cory' Haugh

- Cory Haugh received a Bachelor's of Engineering in Electrical and Biomedical Engineering from Vanderbilt University in 2008. For eight years after graduation, Cory worked in the Baltimore Washington area as an engineer obtaining his professional license in 2015. In 2017 he undertook a career change, leaving engineering for commercial real estate management and development with Resource Enterprises Inc. based in Laurel MD. His responsibilities include leasing, property development, asset management, basic accounting, and management of accounts payable and receivable. To prepare for this change of career, Mr. Haugh began his graduate studies at Loyola's Sellinger School of Business school pursuing an MBA with a specialization in Finance. Cory lives in Catonsville MD with his wife Sinéad and daughter Fionnuala.
