Frustrated Mother with a young baby asked to wait hours at a checkpoint.

Children look on with hope and optimism about the future.

JUST TO
LIVE IN
PEACE

“PEACE IS NOT THE ABSENCE OF CONFLICT; IT IS THE MEANS TO HANDLE CONFLICT IN A PEACEFUL MANNER”

JUST TO LIVE IN PEACE:

CHRISTIANS IN THE HOLY LAND is the title of a video documentary shot on location by Sisters Anne Guinan, MSHS and Caritas Kennedy, RSM. This is the story of today’s indigenous Christian people of the Holy Land who see themselves as descendants of the first Christians. They take delight in living in the land where Jesus was born, lived, died, rose and proclaimed his message.

The sisters, who have been video producers for over 25 years, became increasingly distressed by the deteriorating conditions in the Palestinian Territories (the West Bank and the Gaze Strip).

Palestinians protesting against the unlawful curfews.

Israeli Tanks Patrolling the Streets of the West Bank.

INTERNATIONAL REPORTERS ARE OFTEN NOT PERMITTED

to venture deep into these Palestinian territories thereby leaving them incapable of providing true coverage of current events.

Through this documentary, hear these 21st Century Christian Arabs tell their stories with amazing hope and commitment as they struggle to live their daily lives under the challenge of military occupation. By giving those who are seldom heard a voice, a clearer picture is revealed.

Peace can only be achieved if all parties involved are heard and respected. Only then can a resolution be reached.

Man denied passage back into his home town regardless of his verification papers
