

Bowker's Books in Print is a database listing by author, subject, title and several other indexes to books published or distributed in North America. It is NOT a catalog of books that we have in this library. **Some listings in the database now include book reviews.**

To use *Books in Print*:

- Go to the Library's homepage (www.loyola.edu/library).
- Click on **Databases By Title**.
- Click on the letter "**B**". Then click on **Books in Print**

Choose the **type of search** you would like to do from the left bar.

AUTHOR search: enter an author's name (first name first or last name first)

TITLE search: enter the **exact** title of the book in which you are interested.

KEYWORD search: enter as much of the book title as you can remember, or enter a subject or keyword such as "acid rain" or "child psychology,"and the closest matches will appear in the results.

ISBN/UPC search: Enter the ISBN or UPC number if it is available

- Notice the various status and format limiters below the search field. Apply as necessary given how much you know about the book or media item.
- Within **Advanced Search** (see leftmost yellow tab at top of screen), You may set your current search parameters, in up to five fields, in many more ways, including:

~awards

~review source

~publisher

~price

However, it is not necessary to use special parameters or to enter search criteria in more than one field. Limiters, as in the basic search, are optional.

- If you need a publisher's address click on the yellow link to "**Publishers.**"
