A workshop for Primary Teachers and Assistants

January 15, 2011 9 am to 3 pm

Observation and Recordkeeping

This workshop will look at two of the cornerstones of best Montessori practices— Observation and Recordkeep-Teachers and assistants will begin the day together by looking at the role Observation plays in the life of the Montessori Primary environment. Participants will learn how to better observe the young child and how to interpret

Teachers will spend the rest of the day exploring ways to keep records of observations to inform our work with the children. The late morning and afternoon program for assistants will help develop ways to respond appropriately to their observations of children.

what they see.

A certificate of attendance will be issued at the end of the workshop.
