A Qualifying Life Event is an event defined by the Internal Revenue Service (IRS) that allows you to change your benefits (medical, dental, vision, life insurance, disability, flexible spending accounts).

Employees have 30 days from the start of their life event to enroll on-line at <https://inside.loyola.edu>. Supporting documentation verifying the life event is required. If the life event is not reported within the stated timeframe, the employee must wait until the next open enrollment period to make changes to their benefits. The Open Enrollment season is in April each year but the start of the plan year is July 1st.

The following are considered Qualified Life Events:

- Change in your legal marital status (i.e., marriage, legal separation, divorce, or death of your spouse)
- Birth or adoption of a child or placement for adoption
- Death of a dependent
- Change in your dependent's eligibility
- Change in employment status (for employee, spouse, or employee's dependent) that affects eligibility for health insurance benefits
- Spouse's open enrollment season

Please Note: A qualifying event must be **consistent** with the request to add, drop, or make a change that affects your tax-sheltered health, dental, or vision premiums and Flexible Spending Account for your un-reimbursed medical account
