

Mathematics Core Requirement by Major

Major	Required Math Course for Core
Accounting	MA151 or MA251
Business Administration (Economics, Finance, Information Systems, International Business, Management, Marketing)	MA151 or MA251
Biology	MA251 or ST210 or ST265
Biology/Chemistry (Interdisciplinary)	MA251
Biology/Psychology (Interdisciplinary, BS Degree)	ST210 or ST265
Chemistry	MA251
Computer Science (BA Degree)	MA251
Computer Science (BS Degree)	MA251 & ST210
Data Science	MA251
Elementary Education	ST110 or ST210
Engineering (Computer, Electrical, Materials, Mechanical)	MA251
Forensic Studies	ST110 or ST210 or ST265
Global Studies	ST110 or ST210
Mathematics	MA251 & ST210
Physics	MA251
Psychology	ST110 or ST210 or ST265
Sociology	ST110 or ST210 or ST265
Speech Language Pathology/Audiology	ST110 or ST210

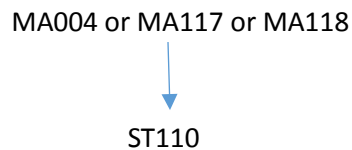

*Majors not listed above may take any math or statistics course (with the exception of MA004 or MA109) to fulfill the mathematics core requirement. The most commonly selected math courses for majors not listed above are **MA117 & MA118**, which have no pre-requisites.

If Your Placement Score Isn't High Enough for the Required Math Course for your Major:

*If you need **MA151 or MA251** for your major, but did not place high enough on the math placement exam and did not have high school CALCULUS, you will need to start with either MA004 or MA109 (depending on your placement score).

*If you need **ST110** for your major, but did not place high enough on the math placement exam, you will need to start with either MA004 or MA117 or MA118.

*If you need **ST210 or ST265** for your major, but did not place high enough on the math placement exam, you will need to start with MA109.
