

CARES ACT HIGHER EDUCATION EMERGENCY RELIEF FUND—STUDENT PORTION REPORTING
LOYOLA UNIVERSITY MARYLAND
PERIOD OF OCTOBER 1, 2020 to DECEMBER 31, 2020

INTRODUCTION

Loyola University Maryland is required to provide regular reporting to the U.S. Department of Education (ED) on the use of funds authorized by the CARES Act. Funds received by Loyola under the CARES Act were authorized by Congress and signed into law by the President on March 27, 2020. The information noted below is intended to not only meet the reporting requirements of the CARES Act but also provide information to our university community regarding Loyola’s use of the student grant portion of the Higher Education Emergency Relief Fund (HEERF).

Section 18004(e) of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act” or the “Act”), Pub. L. No. 116-136, 134 Stat. 281 (March 27, 2020), directs institutions receiving funds under Section 18004 of the Act to submit (in a time and manner required by the Secretary) a report to the Secretary describing the use of funds distributed from the HEERF. Section 18004(c) of the CARES Act requires institutions to use no less than 50 percent of the funds received from Section 18004(a)(1) of the CARES Act to provide Emergency Financial Aid Grants to students for expenses related to the disruption of campus operations due to coronavirus (including eligible expenses under a student’s cost of attendance such as food, housing, course materials, technology, health care, and childcare). On April 9, 2020, the ED published documents related to the Emergency Financial Aid Grants, including a letter from Secretary Betsy DeVos; a form Certification and Agreement for signing and returning by institutions to access the funds; and a list of institutional allocations under 18004(a)(1).

The Certification and Agreement directs each institution applying for HEERF funds to comply with Section 18004(e) of the CARES Act and submit an initial report (the “30-day Fund Report”) to the Secretary thirty (30) days from the date of the institution’s Certification and Agreement to the Department of Education. Each HEERF participating institution must post the information listed below on the institution’s primary website, in a format and location that is easily and publicly accessible. This information serves as a report of Loyola’s notification. The original posting occurred on the [Loyola HEERF website](#) 30 days after the date when the institution received its allocation under 18004(a)(1) and was updated every 45 days thereafter until the guidance on August 31, 2020 which changed the reporting period to quarterly. A report was posted on the Loyola website on August 21, 2020 which included the aggregate data for disbursements for the period of April 22, 2020 through close of business on August 21, 2020. The August 21, 2020 report was the last of the 45-day reports and from this point forward reports will be provided quarterly and include information related to the period of the last report through the end of the respective quarter.

ACKNOWLEDGMENT OF FUNDING AND CERTIFICATION

Loyola University Maryland acknowledges that the institution’s authorized representative signed and returned to the Department of Education the Recipient’s *Funding Certification and Agreement to Students* under the CARES Act. As part of this program, Congress calculated amounts for the HEERF for each institution of higher education. Loyola was awarded a total of \$1,306,230 for emergency relief funds for students. It is the intention of the University to disburse these funds to students as one-time emergency grants for eligible students who have unexpected expenses related to the disruption of campus operations due to the COVID-19 pandemic. Loyola gives its assurance that the institution has

used, or intends to use, no less than 50 percent of the funds received under Section 18004(a)(1) of the CARES Act to provide Emergency Financial Aid Grants to students.

RATIONAL FOR DISBURSEMENTS AND TOTAL STUDENT AWARDS MADE

Loyola is committed to providing grants to all eligible students who complete the certification process by the deadlines set and communicated to students by the Stimulus Response Group, referred to as the Stimulus Task Force in prior reports, and to the greatest extent possible with the CARES Act funds available. The Stimulus Response Group is comprised of representatives from financial aid, advancement, financial services and external affairs/government and community relations.

Our process for determining amounts of grants was based on a variety of factors, including financial need, overall applicant pool, availability of funds and the desire to provide some financial amount to all those who completed the certification process. We set up online forms to request information necessary to determine eligibility as per the criteria listed above. We then set thresholds for maximum amounts we could provide per student based on Pell eligibility and residential status (residential student or commuter/off-campus student). We also provided some funding for graduate students based on their

enrollment status (full-time or part-time). We maximized the amount that we could provide to each of these groups based upon the overall applicant pool of eligible students.

The total number of students who have received emergency grants from April 22, 2020 through the close of business on December 31, 2020 is 1,098. The grants that were made during the period of October 1, 2020 through December 31, 2020 were to disburse the remaining funds in the CARES Act allocation in equal amounts to Pell eligible students who had already received grants. The amount of these additional disbursements totaled \$146.87 to 278 students for a total of \$40,830.

The total amount disbursed from April 22, 2020 through the close of business on December 31, 2020 was \$1,306,230.

The average amount of an individual award during this period was \$146.87 per student. The largest amount that was disbursed for an individual award during the period was \$146.87 and the lowest amount that was disbursed for an individual award during the period was \$146.87.
