Notes:

¹ Cohorts are adjusted according to the IPEDS definition for exclusion, which includes students who join the armed forces, called into active duty, or deceased. The adjustment begins upon the semester they did not return.

² This figure represents the cumulative GPA of those students who returned as noted in the retention figures for the time period.

³ Students in Loyola study abroad or exchange programs are included in the first-to-third year retention figures. Students in a non-Loyola study abroad program will be captured in a subsequent semester.

⁴ This figure represents the GPA at graduation for those students who graduated based upon the n^5 provided.

⁵ This figure represents the number of students who graduated since the last graduation rate benchmark.

⁶ This represents the total percentage of students who graduated within the time period.

Notes:

¹ Cohorts are adjusted according to the IPEDS definition for exclusion, which includes students who join the armed forces, called into active duty, or deceased. The adjustment begins upon the semester they did not return.

² This figure represents the cumulative GPA of those students who returned as noted in the retention figures for the time period.

³ Students in Loyola study abroad or exchange programs are included in the first-to-third year retention figures. Students in a non-Loyola study abroad program will be captured in a subsequent semester.

⁴ This figure represents the GPA at graduation for those students who graduated based upon the n^5 provided.

⁵ This figure represents the number of students who graduated since the last graduation rate benchmark.

⁶ This represents the total percentage of students who graduated within the time period.

⁷ In fall 2010, a new methodology was implemented by the federal government to classify race. A "Native Hawaiian or Other Pacific Islander/Pacific Islander" category was created so this population is no longer counted in the Asian category.

Notes:

¹ Cohorts are adjusted according to the IPEDS definition for exclusion, which includes students who join the armed forces, called into active duty, or deceased. The adjustment begins upon the semester they did not return.

² This figure represents the cumulative GPA of those students who returned as noted in the retention figures for the time period.

³ Students in Loyola study abroad or exchange programs are included in the first-to-third year retention figures. Students in a non-Loyola study abroad program will be captured in a subsequent semester.

⁴ This figure represents the GPA at graduation for those students who graduated based upon the n^5 provided.

⁵ This figure represents the number of students who graduated since the last graduation rate benchmark.

⁶ This represents the total percentage of students who graduated within the time period.

⁷ In fall 2010, a new methodology was implemented by the federal government to classify race. A "Native Hawaiian or Other Pacific Islander/Pacific Islander" category was created so this population is no longer counted in the Asian category.

Notes:

¹ Cohorts are adjusted according to the IPEDS definition for exclusion, which includes students who join the armed forces, called into active duty, or deceased. The adjustment begins upon the semester they did not return.

² This figure represents the cumulative GPA of those students who returned as noted in the retention figures for the time period.

³ Students in Loyola study abroad or exchange programs are included in the first-to-third year retention figures. Students in a non-Loyola study abroad program will be captured in a subsequent semester.

⁴ This figure represents the GPA at graduation for those students who graduated based upon the n⁵ provided.

⁵ This figure represents the number of students who graduated since the last graduation rate benchmark.

⁶ This represents the total percentage of students who graduated within the time period.
