Contacts: avilla@loyola.edu, lmorgan@loyola.edu, acolombat@loyola.edu

The Rome Summer Program

This program is offered in June at Loyola's Rome Fall and Spring campuses. All students are housed with experienced host families who also provide 5 breakfasts and 4 dinners per week. Other events are available on site.

It offers several possible courses (only one permitted per student):

1- **IT 103 or IT 104 Intermediate Italian 1 and 2** : For students who wish to progress toward finishing their core language requirement in a timely and exciting fashion. This is a month-long summer intensive course. Students' Italian language skills will be assessed on site prior to entry into the program and they will be placed into an appropriate language course taught completely in Italian for the month. Courses are held Monday-Friday for approximately 4 hours each day. 3 credits.

2- **MU 203 (Fine Arts core) The Art of Listening - Rome**: Good music is so powerful that we don't need to do much for it to have an effect on us. But when we listen...really listen to it, and make demands of it, great music will always reward the effort. This course introduces students to the art (and joy!) of engaged musical listening through a study of the music in and of Rome from its storied past to its diverse present. There are no prerequisites and you do not have to know how to read music. *Fulfills Fine Arts core requirement.* 3 credits.

3- **IT 110**: For students who have completed their core language requirement in another language, desiring an introduction to the language and culture of Rome. Not open to students who have taken IT 101 or higher. 3 credits.

The program cost does not include the price of airfare but it does cover the cost of tuition for the program, housing, 5 breakfasts and 4 dinners per week, 4 group meals, free survival Italian course, and on-site program director support.

Program Requirements

- Cumulative GPA above 2.5
- No history of serious disciplinary actions on student record
