Schedule

Schedule is where students register and/or add/drop courses.

The date/time grid displays courses a student has planned and registered for.

It will also indicate scheduling conflicts. Other items to note is whether the section is full and has prerequisites.

This is the student’s class schedule for the term specified at the top left of the screen.
Timeline

Timeline displays the student’s previous, current, registered term courses. If a course has been graded, the grade will show.

Non-term courses display course equivalents for testing completed by the student that are used to fulfill prerequisites to get into the proper level of the course.

Other credits display transfer, study abroad course and their associated Loyola equivalent credits.
Timeline – Study Abroad

The Office of International Programs (OIP) first receives official abroad transcripts, reviews and notes equivalencies, and sends to the Records Office for processing onto the student’s transcript/degree audit.

Students who are abroad for one term will see abroad information under that term. Students abroad for one year will see information under an ‘OC’ term, for other credits (example, 19/OC)

Under the appropriate term, note that:

• Study abroad courses are graded and appear on the transcript
• Equivalencies appear with a check mark and appear on My Progress/Degree Audit
• Study Abroad placeholder course appears with an NG and is not shown on the transcript or My Progress/Degree Audit
Advising

Advising is used for student to request permission to register and 6th course permission.

When a student selects **Request Review** an email is sent to alert their advisor of their request.
When you select Request Review an email is sent to your advisor alerting them of this action. Your advisor has the option of archiving the plan once they complete their review. The archived plan contains all the saved notes and the course they approved or denied. Available course plans can be downloaded to your device and reviewed.
Petitions & Waivers

Petitions & Waivers display petitions, waivers and consents the student has received for courses that require them.
Add/Drop Course Sections

1. When you drop a course, be mindful that it may not be available to re-add if space is limited and another student gets there before you.

3. Select **Drop** for the course you want to drop on the left side bar. The **Register and Drop Sections** window appears.
4. Select the course(s) you want to add / drop.
