

Hello,

As you know, Summer 2022 registration is open, and students are planning accordingly. I hope that sending this message will help you have ample time to prepare if you are considering living on campus for the summer. This email informs you that the summer application is now available through the RoomRez Housing Portal. Additional detailed information about [summer housing](#) is available on the Student Life [website](#), including FAQs about summer housing.

To be approved to live on campus over the summer, you must meet one of the following criteria:

- Work an on-campus job with a supervisor verification
- Enroll in a summer term course

Additionally, you must be in good financial and judicial standing with the university and be registered full-time for the Fall 2022 semester. Please note if you no longer meet the requirements listed above after summer housing begins, it will result in the cancellation of your summer housing contract, and you will be required to vacate your apartment immediately. All students will also be required to sign a summer 2022 housing contract when submitting their application.

### **SUMMER HOUSING FEE**

There is a cost of \$36 per day for summer housing. All students will be assigned an individual bedroom within an apartment-style housing. The specific cost of your housing will be based on your expected check-in and check-out dates provided in your housing application. The daily summer rate will begin on Sunday, May 22, and end on Saturday, August 20. Residents requesting housing before and after these dates will be considered a housing contract extension and not charged.

- Day: \$36
- Week: \$252
- Entire Summer: \$3,276

### **SUMMER HOUSING LOCATION**

Summer housing will be in Campion Tower, and students will be assigned an individual bedroom within a shared apartment. Currently, students are unable to request an alternative residence hall location.

### **SUMMER HOUSING APPLICATION**

If you meet the above requirements and request summer housing, please submit a Summer 2022 housing application in the RoomRez portal. The housing application priority deadline is April 13, 2022. All applications submitted after this date will be assigned summer housing based on availability.

The summer housing application will ask you the following questions. Please be prepared to answer them before starting your application:

- Requested summer housing dates: on the application, please select the session which most closely corresponds with the dates you intend to live on-campus. Your summer bill will be based on the specific dates you select. Please note, all check-in will occur during business hours. Please pay attention to the dates in the housing application.
- Roommate requests: priority will be given to students who apply by April 8, 2022. However, please note, that we cannot guarantee specific roommates. As a reminder, as outlined in the summer housing contract, the Office of Student Life reserves the right to assign anyone to an open space in your apartment.
- Reason for summer housing: all students requesting summer housing must submit an application/ contract regardless of the reason. If your request is related to university employment, remind your supervisor to submit their summer housing verification form to Student Life.
