

Ignatius Scholars Program

Your Education. Your Loyola. Your First Steps.
It all starts here. It begins with you.

Excellence

The Ignatius Scholars Program is designed for first-year students who exhibit strong academic promise and leadership abilities. The program provides opportunities for students who demonstrate significant financial need and/or identify as first-generation college students, many of whom come from diverse racial and ethnic backgrounds.

We encourage you to apply for this highly selective program to get a head start on your college career. You and 29 other scholars will create an academic foundation that will enable you to excel. You already have what it takes. This is your chance to shine!

Your Education

During the two-week summer component, you will engage with faculty and fellow scholars in daily sessions to help you master the skills needed for success in college academics.

In addition to these sessions, you will become familiar with Loyola's campus and Baltimore City for social activities and excursions.

The fall semester component consists of bi-weekly group meetings and weekly individual meetings with an Academic Advising administrator who will provide academic support and strategies to help you be successful at Loyola. You will also be a part of our living learning program, Messina. In Messina, you will have regular contact with your faculty advisor as well as other administrators and student leaders on campus. To reinforce good study habits, you will be expected to spend 10 hours per week in The Study.

The Ignatius Scholars Program is co-sponsored by ALANA Services and the Academic Advising and Support Center.
