### **Different Areas of the FAC**

- **Welcome Desk** – Upon entering the FAC you will be greeted by a student at the Welcome Desk. They are generally very friendly people, so give them a smile and say hello. This is where you gain entrance to the FAC by giving them your Evergreen card. They will swipe it and hand it back to you. You will not be allowed entrance to the FAC without a photo ID, so if you should happen to lose your Evergreen card, be sure to bring your license. If you would like to keep any items in a locker, ask the Welcome Desk staff for a key (lockers located diagonal from desk). You will just need to let them hold onto your Evergreen Card. Also, on the Welcome Desk you will find the Program Guide with information on the different aerobics classes and instructional programs offered at the FAC. If you happen to have any questions, the Welcome Desk staff is there to help.
- **Fitness Center** – Once past the Welcome Desk, the Fitness Center is on your right. This is where you will find a variety of cardiovascular and weight machines, along with free weights. The Fitness Center is open whenever the facility is, and there is always a student staff member there to help if you have any questions, or even need a spotter. During busy times, the cardio machines tend to be full.
- **Courts** – Down the hall from the Fitness Center you will find three different courts. The first court is the MAC, which has specialized flooring and design for in-line sports (this can only be done at designated times- see the club sports section of the website for roller hockey information). Also, this court is generally used for indoor soccer and volleyball, which are both intramural and club sports. However, if you just want to come kick around a soccer ball with some friends, they are available to take out in the equipment room.

The next two courts are traditional wood courts, which are for both volleyball and basketball. Intramural basketball and volleyball are played there, however, these courts are also used for pick-up games with friends.

- **Rock Wall** – At the end of the hallway (just past the basketball courts) you will find the 30-foot high climbing wall with a variety of routes and levels of difficulty. The climbing wall has its own hours, and participants must complete a 3 hour instructional class (teaching climbing and belaying techniques) to climb with a partner or a friend. Don't worry if you don't have any climbing equipment; you can get it all from the equipment

room. When the wall is open, there is always a knowledgeable student there to help, and it's a very relaxed atmosphere. Along with the wall, there is also a bouldering cave area that is open at all times. This does not require a belay system.

- **Equipment Room** – Just down the hall from the Rock Wall you will find the Equipment Room. This is where you can check out towels, basketballs, climbing equipment, racquetball equipment, etc. All of these rentals are free; you just need to let them hold onto your Evergreen Card while you have the equipment checked out. Also, they take care of sign ups for racquetball and squash courts.
- **Pool** – Across from the Equipment Room are the locker rooms, which are your entrance to the pool. The locker rooms have full-height lockers for day use (the little ones are rented out by people) and you either need to bring your own lock or put down a \$5 deposit at the Equipment Room. Although the locker rooms are unlocked whenever the facility is open, the pool hours are slightly different from the facility hours.

The pool itself has an on-deck sauna and Jacuzzi, which are open when the pool is open. The pool is 8 lanes, 25 yards long with a shallow lane and diving well. Only the swim team is permitted to use the high dive, but students may use the lower diving board. There are always two lifeguards on duty at all times.

- **Racquetball and Squash Courts** – Next to the Rock Wall you will notice a staircase. This leads up to the racquetball and squash courts. There are 3 racquetball courts and 1 squash courts. You may reserve a court in advance through the Equipment Room, however, if you just come by, there are usually courts open. Any necessary equipment can be checked out at the Equipment Room. There is a new court that was just renovated that is designated for rowing. There are multiple rowing machines that are featured here.

Up here you will also notice ping-pong tables (stuff in Equipment Room), as well as BaseCamp, the Outdoor Adventure Program. BaseCamp runs the OAE trips, which are outdoor trips such as kayaking, hiking, caving, etc., that are run almost every weekend. All of these trips are advertised around campus, as well as in the Program Guide. There is usually a small fee for these trips, and all equipment may be rented out.

- **Indoor Track** – Upstairs you will also find the indoor track. The track is 1/10 of a mile for walking and jogging only. The direction of walking/jogging on the track is alternated, so look at the sign (or just see which way people are running). Also, in the corner there are a few cardio machines in case the Fitness Center is too crowded, or you just like working out in a much quieter atmosphere.
- **Aerobics Rooms** – Down the hall from the indoor track you will notice the spin bikes, as well as the aerobics rooms. These areas hold group fitness classes and are also a great place to go work out on your own. For the aerobics classes, they are all listed in the Program Guide and are free of charge. To sign up, go to the Welcome Desk before the class and you will receive a card. You cannot sign up more than half an hour before the class. However, for some of the more popular classes (Pilates), at the beginning of the

semester a line usually forms up to an hour before the class. However, once the semester goes on, and for the less popular classes, arriving a half an hour ahead of time is more than sufficient.

If you would like to use the aerobics rooms when no one else is in there for a private work out, let the Welcome Desk staff know and they will have someone unlock the room for you. You can also sign out a stereo, free weights, or yoga mats. There is an app as well that you can sign up for classes.

### **General Facts and Tips**

- Bathrooms are located across from the Welcome Desk (down the hallway to the right), upstairs near the spin bikes, and in the locker rooms.
- Vending machines are across from the Welcome Desk in a small alcove. All machines take your Evergreen Card. Although Gatorade and food are sold in these machines, only water is allowed past the Welcome Desk.
- Always remember a photo ID!!
- If you ever have a friend, sibling, parent, etc. visiting and they would like to work out at the FAC, there is a \$5 guest fee (no fee if you just want to show them around). You must bring your guest with you to the FAC (they cannot just say they know you) and you must stay in the FAC with them. Each student is only allowed 2 guests at one time. Guests must fill out some paperwork (just one sheet) and pay the \$5 fee (cash or Evergreen). No one under the age of 16 is allowed to use the Fitness Center (cardio and weight machines) or the Jacuzzi/sauna.
- The FAC is also where you sign up for intramural sports and can find contact information for club sports. Look on the website for further details. To register to participate in intermural and club sports you need to make an account on IMG and pay a small participation fee and a safety quiz.
- Welcome Desk extension x5453

This may seem like a lot of information, but the FAC is a very easy, relaxed place to use.
