

Leadership Essentials 2020 Program seeks Volunteer Coaches

Volunteer Coaches Needed - Leadership Essentials Program Year 2020

LEADERSHIP ESSENTIALS PROGRAM OVERVIEW

Leadership Essentials (LE) is a six month program for young professionals, managed by Loyola University Maryland in collaboration with Leadership Howard County. The program includes leadership skill development skill building sessions, one-on-one coaching, and a team community impact project. Each coach is paired with one participant for the duration of the program. The coach works with the LE participant to set goals, and then coaches the participant towards those goals.
