 Research

Therapy Model: *The Counseling Center uses a brief therapy model that emphasizes goal-focused treatment. Clinical staff work from a variety of theoretical orientations, including (but not limited to) psychodynamic, interpersonal, family systems, humanistic, and cognitive-behavioral, and emphasize integrating evidence-based practice into their clinical work.*

Assessment: *A symptom screening measure (the Counseling Center Assessment of Psychological Symptoms) is used at intake and at all individual therapy appointments. No other assessments are used at this time.*
