

Annual Payroll Deductions

Annual premiums are pre-taxed and pro-rated over the plan year (7/1/2025–6/30/2026). To calculate the pay period deduction, divide the annual premium by 24 (if you are an administrator or faculty member) or 26 (if you are a staff member). The University also provides to the employee Flex Dollars to offset the cost of benefits (visit [Benefits](#) for details). Flex Dollars are considered taxable income to the employee if not used to purchase tax-favored benefits. Don't forget, you have until October 31, 2025 to complete the wellness steps or the "non-wellness" rates will go into effect with your first paycheck in December.

 **Employees enrolled after July 1st: Save money on your medical plan premiums by completing the Wellness steps within 120 days of your effective date. Login at myCigna.com to begin.**

Please note: If you miss a paycheck or do not earn a full paycheck, you are still responsible for paying your benefits premiums. Loyola will begin to recoup the premiums due when you have your next paycheck. HR will work with you to establish a repayment plan on an individual basis, not to exceed four pay periods.
