

Sustainability & Environmental Science Courses Abroad

Course Title **Loyola Equivalent** (*NCA = Need Chair Approval)

Amsterdam, Netherlands

Climate Science	NCA
Environment and Development	NCA
Grand Challenges for Sustainability	NCA

Athens, Greece

Environmental Geology	BL 110/ Natural Science Core
-----------------------	------------------------------

Auckland, New Zealand

Primate Behavior: Ecology and Conservation	BL 200-level
Conservation Ecology	BL 390
Eco/Media	CM 300-level
Philosophy and the Environment	PL 314

Bangkok, Thailand

Environmental Science	BL 100-level/ Natural Science Core
-----------------------	------------------------------------

Berlin, Germany

Environmental Politics and Policy in Europe	PS 300-level
---	--------------

Copenhagen, Denmark

Anthropology of Food	NCA
Arctic Geopolitics	NCA
Arctic Glaciology	NCA
Biological Conservation and Biodiversity	BL 390
Biological Conservation and Biodiversity Lab	Lab- Must be taken with BL 390 course
Biology of Marine Mammals	BL 300 elective
Biology of Marine Mammals Lab	Lab- Must be taken with the course
Climate Lab	NCA
Climate, Glaciers, and Human Impact	NCA
Detailing and Sustainability in Scandinavian Architecture	NCA
Environmental Economics	EC 360- Fulfills Environment and sustainability minor
Environmental impact of Humans	NCA
Environmental Philosophy	PL 200 level- Fulfills environment and sustainability minor
Environmental Policy in Practice	NCA
Getting there: Transportation in Urban Europe	NCA

Geographic Information Systems: Applied Climate Change cases	NCA
Ice Cores and Ice Ages	NCA
Polar Biology	BL*300 level
Politics and Ethics of Food	PL 314
Renewable Energy Systems	Fulfills Enviroment and sustainability minor
Sustainable Business Strategy	NCA
Sustainable by Design	NCA
Sustainable Development in Northern Europe	Fulfills Enviroment and sustainability minor
Sustainable Food: Production and Consumption	Fulfills Enviroment and sustainability minor
Waste Management Systems in Europe	NCA
Dubai, U.A.E.	
Environmental Pyschology	NCA
Lyon, France	
Environmental Science	Free Elective
Melbourne, Australia	
Climate Change and Landscape Evolution	CH 300-level/ Natural Science core
Newcastle, U.K.	
Environmental Issues	BL 111
Environment and Sustainability	BL 111
Stockholm, Sweden	
Smart and Sustainable Cities	NCA
Engineering Sustainable Environments in Scandanvia	NCA
Energy Cloud: Engineering Localized, Digitized, Sustainable Networks	NCA

Updated 4/9/21
