

Year-long Doctoral Externship

Anxiety and Stress Disorders Institute of Maryland

Focus: Specialization in anxiety disorders and obsessive-compulsive disorder (OCD).

Externships are available in adult, child and adolescent, or a mixed patient population.

Training Components

- Up to 10 direct patient care hours weekly
- Individual supervision weekly with senior psychologists
- Group case consultation (1 hour weekly) with the training director and team
- Staff meeting (1 hour weekly) featuring invited speakers, targeted topics, and case-based discussion
- Opportunities to observe other clinicians and participate in possible group therapy experience

Compensation

There is no stipend; however, there may be small earnings for some clinical hours.

Eligibility

- Must have prior treatment experience
- Currently enrolled in a PhD or PsyD program, or have equivalent credentials

Application

Please submit the following to Carl Robbins:

- Curriculum vitae (CV)
- Cover letter
- References
